

TRUSTEES' MEETING

APPEAL IS MADE TO OFFICIALS FOR CHARITY—O. O. CLARK ADDRESSES BOARD.

The Board of Trustees met in regular session at the City Hall at 8:10 p.m. December 1, 1916. All members present at roll call.

The minutes of the last regular meeting were read and approved.

A communication was read from Mr. H. E. Hall, making application for permission to install a gasoline storage tank in the alley east of his place of business, No. 1215 West Fifth street. The application being approved by the City Manager was, upon motion of Trustee Grist, granted.

An application was read from Llewelyn Andrews for permission to hunt and shoot within the city limits of Glendale, and upon motion of Trustee Muhleman was granted, subject to the usual requirements.

Applications for permit to conduct a dairy were read from A. L. Blake, North Glendale, and from J. F. Preston, No. 1414 Sycamore street, both being approved by the Milk Inspector, and were granted on motion by Trustee Muhleman.

A report was read from the City Tax Collector showing amount of taxes collected week ending November 29, \$4483.74, making a total collected to date of \$17,698.32. The report was ordered to be filed.

The report of the Building Inspector for the month just ended was presented and ordered to be filed.

A committee being present for the purpose of making an appeal for the inauguration of some systematic plan and for the creation of a small fund to be devoted to charitable purposes in the city of Glendale was heard at this time. The matter was introduced by Mr. Stanley Frenz, who introduced Mr. Williams, connected with the County Board of Charities, who addressed the board at some length. He expressed the opinion that every community should be prepared to do something in the way of systematic charitable work among its own people, the county authorities not always being able to take care of all of the worthy subjects needing assistance. He suggested the organization of a Glendale bureau to work in conjunction with the county along these lines.

Mr. C. O. Pulliam spoke in favor of the creation of a fund by the Board of Trustees, urging that in making up the annual budget, provision be made for the same.

The chairman of the Board of Trustees stated that he knew of no legal manner by which a sixth-class city can expend money for charitable purposes, unless the same has been provided for in the annual budget which goes into effect July 1. He was sustained in this opinion by the City Attorney. Trustee Woodberry expressed himself in regard to certain criticisms of the board recently made in a local paper to the effect that such strictures are entirely unjust and unfounded, that the Board of Trustees has never failed to give assistance to any worthy object brought to its attention when the same was practicable. Mr. Ezra Parker and other citizens addressed the meeting.

The City Manager spoke on the subject, favoring the formulation of a plan for this work, but does not believe the city should put a very large sum in any such fund.

Mr. Albert Pearce expressed himself to the effect that he believed it would be possible for the City Attorney to work out a plan for the creation of such a fund and a desirable system for its administration. The chairman believed that the result of this meeting would be a final solution of the problem and thanked the large delegation for its suggestion and attendance at the meeting.

The delegation then withdrew and Mr. Oliver Clark addressed the board as a representative of the Thornycroft Hospital in reference to the proposed ordinance regulating hospitals and sanitariums. He read a decision of the Supreme Court of California covering, as he claimed, the entire exercise of the police power of a municipality or other legal body, and dwelt at considerable length upon the application of the principles laid down in the decision as applied to the ordinance in question.

The matter was discussed informally and no action taken.

The City Manager made a report upon conditions in Verdugo Wash, stating that Judge Ross had looked over the ground along the wash through his property where protection work is contemplated and had agreed to write a letter granting the necessary permit to do the work as far as his land is concerned.

The City Manager recommended the appropriation by the Board of Trustees of the further sum of \$600 for protection work along the banks

BENEVOLENT ORDER

MR. FRENZ GIVES GOOD REPORT OF CHARITABLE ACTIVITIES OF ELKS.

Stanley Frenz, who has been serving the capacity of inquiring into the needs of the really poor and needy people of Glendale, appeared before the board of trustees of the city of Glendale, asking that the city trustees take steps to make an appropriation for the poor of the city. Mr. Frenz introduced his remarks by reading a statement explaining what the Elks' Committee has done from April 1, 1916, to December 1, 1916. Briefly stated, it is as follows:

Sickness and distress calls, 246. Bouquets furnished to sick, 86.

Candy distributed to poor children and old people, 113 boxes.

Funerals attended, 22.

Machines furnished on these occasions, 103.

Cases of distress relieved, 64.

These cases of distress were relieved immediately with cash or groceries which amounted to over \$100 every month.

Miles traveled to accomplish this work, 2214.

All our work has been given free to the people of Glendale and vicinity. Three cases were buried and all funeral expenses paid by us.

Mr. Williams of the County Charity Department spoke of the grand work the Glendale local committee had done in the way of assisting the needy, and the county department stands ready to co-operate with them. He advised that the city make an appropriation to be drawn on in emergency cases. The official action of the board on this question is given in the trustees proceedings.

NEARLY A THOUSAND MEALS IN TWO DAYS.

On Thursday and Friday, the first two days the Easton Restaurant was located in its new building at No. 329 Brand boulevard, 942 complete meals were served. The thousand mark would have probably been reached had not the Thanksgiving rush on Thursday cleaned the restaurant out of supplies early in the evening, making it necessary to close the doors five hours earlier than customary.

PRETTY LUNCHEON.

Mrs. W. W. Ramsay in a delightfully informal way entertained her committee on the literary section booth at her home, No. 437 Adams street, yesterday afternoon. Many beautiful pieces of fancy work were priced for the bazaar today. Delicious refreshments were served from a table decorated with yellow chrysanthemums and smilax. Those present were Mrs. George Adams, Mrs. L. I. Goldthwaite, Mrs. Blake Franklin, Mrs. A. L. Weaver and Mrs. Mable Ocker. Mrs. Albert Pearce was detained at home by illness.

A. MEYER LEAVES FOR EAST.

A. Meyer, Overland distributor for Glendale, Burbank and Eagle Rock, left Friday evening in the Overland Transcontinental Special to the factory at Toledo, O., where Overland agents all over the United States are entertained by the management of the factory at a convention and general get-together meeting.

of the wash from a point near the bend of the stream near the Ross Packing-house westward as far as the Louise street bridge, of this sum approximately \$100 to be expended between Howard street and Louise street. This appropriation to be made conditional upon Ross and Thom contributing the sum of \$250 for the work.

The manager of the Public Service Department stated that the ordinance regulating the work of his department provides for a 10 per cent. penalty for the nonpayment of bills, which he finds it not expedient to charge. He also desired the department to be given authority to make up bills ten days earlier than stated in the ordinance. On motion, the manager of the Public Service Department was authorized to bring in an ordinance drawn up in accordance with his suggestions.

The City Attorney reported that the opening and widening proceedings in reference to Eighth street had been filed. He also made a report in regard to the Torrens Land Registration Act, having made further investigation of the matter, and after some discussion, the matter was referred to the Supply Committee.

The Supply Committee was authorized to purchase an adding machine for the Treasurer's office if it found the proposed machine, price and terms satisfactory.

AMERICANS FLEE CHIHUAHUA

NEWLY ARRIVED REFUGEES FROM BESIEGED CITY REPORT THAT AMERICANS ESCAPED.

(Special Service to Glendale Evening News)
WASHINGTON, Dec. 2.—All Americans left Chihuahua before Villa's attack on the city, according to statements of refugees arriving today, to United States authorities. The Carranzistas are seeking to have the government of the United States lift the munitions embargo. Government officials do not give much hope of this, however, as it is probable that the arms and munitions would eventually fall into the hands of Villa. Villa's capture of Chihuahua has complicated a situation which seemed on the way to settlement and the opinion prevails that there will be no steps in the matter by the United States government, pending further developments.

RUSSIANS ADVANCE IN DOBRUDJA

TEUTON ATTACK SOUTH OF BUCHAREST REPELLED BUT ROUMANIANS GIVE WAY ON THE WEST.

(Special Service to Glendale Evening News)
PETROGRAD, Dec. 2.—The Russians are advancing everywhere in Dobrudja and southwest of Bukovina. The Teuton attack south of Bucharest was repelled but to the west the Roumanians were forced back. A gigantic attempt is being made by Russia to save her Balkan ally from being swallowed up in the vortex of the Teuton advance. The plan is to smash a gap in the Teuton Carpathian front, rush southward through the passes, take Maramoras-Sziget, an important Hungarian railway city, and thence overrun the Hungarian plain. The success of this plan would compel the Teutons to turn back from Western Roumania to save their entire eastern flank.

The warehouse was partially destroyed by fire early this morning. Kessler was unconscious nearly an hour but recovered sufficiently to direct his brother firemen in the work of rescue. He was badly bruised.

AT GLENDALE HIGH

WALTER C. WILSON TO ADDRESS MEETING—HIGH SCHOOL PAPER RUMOR.

Mr. Ferguson, president of the Glendale High School Parent-Teacher Association, announces an important meeting Monday evening, December 4, at 8 o'clock.

This will be the first evening meeting held by the association this year. The purpose of the evening meetings is to enable the fathers to be present, and it is hoped that a large number of men will show their interest in this important phase of the community's work by attending.

A special effort has been exerted to make Monday's meeting one of special interest to everyone who is interested in education and child welfare, and especially to parents of high school students. The principal address will be delivered by Walter C. Wilson, vice-principal of Pasadena High School. He will talk on the value of gymnasium work and organized athletics.

Mr. Wilson is an excellent speaker, and very enthusiastic over his subject, being known as one of the most prominent figures in Southern California in the promotion of clean athletics. The local association is fortunate in securing him. Certainly if so able a man as this is willing to come and address us he should have a good audience.

Mr. Wright and Miss Grinnel of the high school faculty will explain fully the gymnasium work of Glendale High. Questions will be answered.

Several excellent musical numbers have also been arranged. Miss Susanne Wessells and Mrs. Webb, prominent local artists, are scheduled on the musical program.

Have you seen Herb Scheuner's new derby? Or is it one of Berna's old ones. Herb will be a man some day, maybe, if he keeps on growing.

It is reported that Glendale High is soon to have a weekly paper. High time. Practically every other high in the State has one.

BOWEN-DAVIDSON WEDDING.

A pretty wedding occurred at the home of Mr. and Mrs. A. M. Beamon, No. 245 South Maryland avenue, on Tuesday evening, when Miss Lura Davidson became the bride of Earl Bowen of the Glendale Sanitarium. Smilax, roses and carnations were effectively used in transforming the rooms into a beautiful and fitting setting for the pleasing ceremony. The ceremony was performed by Dr. B. E. Fullmer of Los Angeles under an archway draped with the smilax, roses and chrysanthemums, back of which were banked masses of immense choice white chrysanthemums. The bride and groom were attended by Mr. and Mrs. Beamon.

Dr. P. O. Lucas and Miss Estelle Strickland sang "At Dawning," the accompaniment being played by Miss Ethel Bennett, who also beautifully rendered Mendelssohn's "Wedding March."

The bride was charming in a lovely white silk crepe de chine gown with real Venetian lace veil, which was caught in place with orange blossoms, and carried a shower bouquet of white carnations. The bride's attendant, Mrs. Beamon, wore a pink taffeta dress and carried pink carnations.

About seventy guests witnessed the happy event, those from out of town being Dr. and Mrs. Fullmer, Mrs. F. I. Richardson, Mr. and Mrs. Wright, Mrs. E. Wolbur, Miss Frosseth, Miss Elsie Springer, Miss McKim, Miss Violet Bell, Miss Lulu Windner and Mr. and Mrs. Charles Haylock of Los Angeles and Mr. and Mrs. J. M. Benedict of Inglewood.

The bride was the recipient of many lovely wedding gifts. The happy young couple will spend their honeymoon at Long Beach after which they will be at home to their friends on First street.

BIG BAZAAR OPEN.

Masonic Temple, the scene of the Tuesday Afternoon Club bazaar this afternoon and evening, is a veritable Christmas palace. Under the direction of Mrs. J. F. Hearnshaw, a most artistic effect has been produced in white and green—the white simulating snow and the green the holiday evergreens. The booths with one or two exceptions are uniform triangular tables covered with white and adorned with ivy, asparagus plumosis or smilax, with arches outlined with pampas plumes and ribbon bamboo.

The first sight which greets the eye as one enters is perhaps the most beautiful booth of all, the flower booth with its white pergola twined with English ivy, adorned with blossoming bulbs forced for this occasion, and lighted with electric lights. Here, too, are the beautiful quaint boutonnières.

The doll booth with a little Christmas tree at both ends, and a lattice work of ivy is one of the prettiest of the booths. The little parlor is fitted up as the art gallery by the Art and Travel section. The temple will swarm with people this afternoon and evening, both men and women, though it is expected that the evening will be the favored time for the men. Mayor Thompson is the speaker of the evening.

DR. LOCKE WILL LECTURE.

A great treat is in store for the people of Glendale next Tuesday evening. Dr. Charles Edward Locke of the First Methodist Episcopal Church of Los Angeles will lecture in the First Methodist Church of Glendale. Dr. Locke needs no introduction to many of our citizens and there should be a packed house to hear him.

The subject of his lecture will be: "Seeing the Blue in the Sky." Dr. Locke is a confirmed optimist and the title of his lecture promises great things. The lecturer is known from coast to coast as one of the strong preachers of his denomination. As a platform speaker he is always attractive, pleasing and inspiring.

The public is cordially invited to the lecture. There will be a silver offering. Church location Third and Dayton Court.

GLENDALE, CALIFORNIA, SATURDAY, DECEMBER 2, 1916.

NEW CLERICAL ASSISTANT.

Frank S. Chase, for a number of years editor of the Glendale Press, has kindly volunteered to assist with clerical work for The Glendale Evening News. His duties will comprise computing the price that should be charged for all kinds of city printing and his time will be devoted mainly to determining whether legal publications including ordinances and resolutions given out by the City Trustees should be printed in The Evening News or in The Tri-City Progress. His extreme interest in the welfare of these two papers has convinced us that all of his mathematical computations will be absolutely correct. At present he will not have authority to take any orders for printing or receive any money that is due The Glendale Evening News or The Tri-City Progress, as to perform such a duty would require him to be placed under a heavy bond and at the present time it is not thought best to present any embarrassing conditions.

The volunteer agreement is briefly stated to be that the public should give all orders for job work, subscription and advertising at The Evening News Office, No. 920 West Broadway, but for any information concerning rates for legal advertising furnished for the City Hall call on Mr. Chase.

In addition to performing the duties as outlined above Mr. Chase has also volunteered to serve as assistant City Attorney by giving advice as to what papers may be used for legal publications. He has made a study of this feature of newspaper work and is therefore very competent to render a decision according to his personal views. He also volunteers to assist the Finance Committee of the city in the way of rendering reliable advice as to how to cut down the expense of the city that may accrue from mismanagement of placing legal notices in The Evening News or The Tri-City Progress. The management of The Evening News has been assured that these latter duties mentioned will not at all interfere with the clerical position he volunteers to hold in connection with The Evening News.

In this age when there is so much bitterness and strife in the world and so many weighty problems to solve it is indeed encouraging to a human soul to have any one of great capabilities volunteer to assist with the clerical work as outlined in the introduction of this article.

PUBLICITY SIGNS OF LIFE.

Newspaper publicity by merchants is indicative of business life. Everybody abhors death, and nobody thinks of holding a pleasure party in a cemetery. Life in anything is of the utmost importance. The merchant who stocks a store with merchandise, and then takes no means of informing the public what he has to offer for sale is from a business standpoint a dead one.

Of course he does not think he is dead, because he has never been taught the science of advertising. Such a person is ignorantly egotistical and consoles himself by believing that everybody in the community knows he is in business, and knows just what line of goods he has for sale.

Judicious advertising lies at the foundation of business success. All men who have made a marked success in the retail mercantile business have been persistent and judicious advertisers. There are merchants in Glendale who carry fairly large stocks of merchandise, but the buying public has no means of knowing it. A window display indicates life and enterprise, so far as it goes, but the trouble is that the window attracts the attention only of a per cent. of the people who pass the window, while a newspaper advertisement goes into the homes of prospective buyers in all parts of the city, and if the advertisement is honestly and intelligently worded the reader will get a word picture of the merits of the merchandise in stock. A local merchant should never place an advertisement in a paper merely for the purpose of aiding the publisher. All publicity engaged in should be for good business reasons.

LA CANADA

The La Canada Parent-Teacher Association will not hold its regular meeting the first Friday of the month, but will join the teachers in a Christmas program at the school house on Friday afternoon, December 15. There will be a tree and a program by the children and a regular tea hour for the members.

Mr. and Mrs. Charles Olsen and son spent Sunday with relatives in El Monte.

Mrs. S. P. Durand was a visitor at the Glendale High School one day last week.

The Weir of Christ will be Dr. Scott's subject for Sunday.

Miss Katherine Green is going back and forth on the stage this week, because of the short school week.

Mr. and Mrs. J. W. Cecil have moved to their new home in South Pasadena. They have a lovely home there and will enjoy being among their old friends again.

Mr. Lee has sold his ranch to Mrs. Bolton of Los Angeles and she is going to build a large house on this property at once.

Mr. and Mrs. J. W. Seright spent Thanksgiving day with Mrs. H. L. Cooper.

Mr. and Mrs. J. H. Armstrong entertained J. W. Cecil and family at dinner Sunday.

Mr. and Mrs. Husong and family moved to their new home in El Monte on Wednesday.

Mr. Fenton Knight has gone on a business trip for a while.

Mrs. Johnson has been entertaining friends from Chicago the past week.

The next regular meeting of the La Canada Valley Improvement Association will be held in the hall this week, Saturday evening, December 2.

Program.
Music—violin solo by Mr. E. G. Metcalf, accompanied by Miss Elsa Anderson.

Prelude by Mr. E. H. Brooks. Subject: "The Right of Every Man to be the Owner of Property."

Address of the evening by Mr. J. C. Belden of Glendale, an up-to-date speaker.

A large attendance is desired. People are more encouraging and inspiring to a speaker and the presiding officer than empty chairs. The frequent assembling together of the residents in a district is one indispensable requisite for having a community instead of a mere aggregation of individuals and of families. The association is conducted on democratic principles. Therefore its success depends on the co-operation of the inhabitants in La Canada.

The Whittier Walnut Growers' Association has shipped its last car of walnuts and closed its packing-house at Los Nietos for the season. The Whittier association has received \$330,000 for this year's crop, which will all be distributed to its members by December 1.

Whittier is the terminus of a new stage line between Whittier and Los Angeles, which opened Friday morning, and consists of four new six-cylinder seven-passenger cars, and gives a forty-minute service.

Admiral Helm's Naval Committee on Yards and Stations, which is inspecting various naval bases in the vicinity of Los Angeles Harbor, went to Catalina Island Monday and inspected the proposed submarine base at the "Isthmus" on the island. The naval men hinted strongly that the island should be fortified, admitting the fact that the island once in the hands of an enemy would render the Los Angeles harbor defenses almost useless. Officers of the committee went deeply into the subject of securing building material for foundation work on fortifications.

TUJUNGA

Mr. D. C. Dean of the Dean Department store sold last week the Dutton property to Mr. E. Smith of Zelza.

Mrs. Hoffman's house is rented to Mr. Taylor, who has been staying at the Spatic ranch.

The Jacobs house on Stephen's way has been rented for a year to Mr. C. D. Stewart of Monte Belle. He expects to arrive the first of December.

Mr. Willis Catt moved his furniture to Los Angeles this week, where the family will make their home for the winter. Their son and daughter-in-law, Mr. and Mrs. J. W. Catt, have also left Tejuanga to reside in Los Angeles.

Mrs. Hardy, who purchased the lot north of the James property on Monte Vista boulevard some time since has had the Minick house moved from Stephen's way to her lot.

Woman's Club.

The Woman's Club had a most interesting meeting Thursday of last week. Miss Osgood gave a talk on "Carpentry for Women" and had her hammer, saw and plane at hand in the use of which she gave a practical demonstration, showing her methods of work. As samples of her work and what might be done with these simple tools she had on exhibition an old-fashioned cradle, such as our grand parents used; a work box and a Colonial bread tray; also a toy horse, fashioned from two by fours, which horse was said by those competent to speak on such matters to possess certain "points" and the longer one looked at this horse the more points they saw.

Everyone enjoyed Miss Osgood's display and lecture. Because of the resignation of the president and vice-president an election of officers took place, resulting in Mrs. D. C. Dean being elected to the presidency; Mrs. Marston re-elected vice-president, if she will accept, and Miss Myra Osgood secretary-treasurer.

ORPHEUS CONCERT TRIO.

The Orpheus Concert Trio, under the management of Mr. Theodore Petersen, who is not only the father of the young ladies composing this trio, but is their manager and coach as well. One of the most popular numbers rendered was the Aria from "One Fine Day." Madame Butterfly; also the reading, "John's Way of Popping the Question," and the last number an instrumental trio on the cornet, violin and piano, which ended with the rendition of the "Star Spangled Banner," to which the audience paid homage by rising to their feet. A number of people from Sunland were present to enjoy the concert and swell the audience.

Mrs. Dunning and Miss Jessie came from Los Angeles, where they are sojourning for a while, to spend Thanksgiving as the guests of Mr. and Mrs. Ensign Woodruff of El Centro avenue.

THANKSGIVING NUPTIALS.

Among the many pleasing Thanksgiving day events was the wedding at the home of Mr. and Mrs. Robert Burns Irving, No. 936 West Forty-eighth street, Los Angeles, when their only daughter, Luella, was united in marriage with Mr. Albert Edward Mills of Glendale. Added interest ensued from the thought that the bride and groom were from the same city, Ansonia, Ct., but had not happened to meet since school days until just one year ago. The parents of both bride and groom were friends in the eastern city, which made the event the more enjoyable.

Among the guests present were many old friends from the faraway eastern home, as well as numerous new friends, which both families had acquired since coming to this city several years ago.

The bride is a very popular attendant of the Epworth League Baptist Church of Los Angeles, officiated over by the Rev. Howard Adams, and that gentleman tied the nuptial knot, using a deeply impressive and beautiful ceremony. Miss Ethel Elliott of Los Angeles and J. Murray Durham of Glendale were members of the bridal party.

Mr. Mills is a popular young man of Glendale, having for the past eight years resided here with his parents, Mr. and Mrs. M. E. Hyde of Vine street.

The bride wore a delicate hair band of orange blossoms and ferns, her dress being a dainty creation of white silk tulle and satin ribbon. The bridesmaid was attired in pink silk tulle with pink satin ribbon trimmings. The bride carried a magnificent shower bouquet of white Cecil Brunner roses and maidenhair fern and the bridesmaid carried a large bouquet of pink Cecil Brunner roses and maidenhair fern.

The house was tastefully decorated with smilax, asparagus plumosus and pink and white carnations. After the wedding ceremony the newly married couple, standing beneath a large bell overhanging a bower of ferns, received congratulations. Refreshments were served and a convivial time ensued, all the guests inscribing their names in the bride's book.

The motor car in which the bridal couple were to make their departure was decorated with tin cans and old shoes, and large lettering announcing the fact that they were just married. They took their departure amidst a shower of rice and good wishes, their destination being kept a profound secret. On their return

from their honeymoon trip they will reside in Los Angeles.

The wedding gifts came in large numbers from all sections of the country from the Atlantic to the Pacific, being both useful and ornamental.

Among the guests present were Mr. and Mrs. M. E. Hyde, Mr. and Mrs. I. J. Spafford, Miss Ruth Spafford, Mr. and Mrs. F. A. Budway, Frank and Arthur Budway, Mr. and Mrs. G. Everett Whittemore, Mr. and Mrs. J. W. Begg, Norman and Harold Begg of Glendale, Mr. and Mrs. A. A. Wolfe of Hollywood and Mr. and Mrs. L. B. Mott of Los Angeles.

CORRECTIONS.

The name Robert McKenna in list of birdhouse exhibitors, published yesterday, should have been Robert Buchanan. The grade attributed to Harvey Gillette, special prize, should have been fifth and not seventh. "Special" means that the third prize lay between two birdhouses, the merits of which were almost identical; therefore the judges asked to give a "special" in order to solve the difficulty.

INDUSTRIAL BUILDINGS

An unusual amount of activity is noticeable in the number of new industrial plants which are being erected in Los Angeles city and vicinity, and also in the amount of new construction work planned for institutions of this kind. This activity indicates a wonderful improvement in general business conditions and this construction work itself portends a further improvement in conditions through the large sums of money which will be expended for labor and material to carry out the projects and for the improvement of general conditions through the employment of many people to operate the new institutions.

The Board of Harbor Commissioners has announced that two large shipbuilding concerns are negotiating for sites at Los Angeles Harbor for the purpose of establishing shipbuilding plants. One of these companies is the Los Angeles Shipbuilding Company, represented E. G. Eckstrom, 237 I. W. Hellman building. This company claims to have contracts for new freighters to cost \$3,000,000 and plans to erect a plant to cost \$500,000 and to employ 1000 men.

The other company, which is seeking a lease on property at the harbor, is said to be the Bethlehem Steel Company, which owns the Union Iron Works of San Francisco. This company is full-up with orders in the San Francisco plant and has just secured the contract to construct six destroyers for the United States government at a total cost of about \$7,000,000.

The Union Oil Company has recently secured a site at the harbor for the establishment of a large refining and oil storage and shipping plant.

The Axelson Bros. Machinery Company of Los Angeles, has purchased a site of seven acres at Huntington Park and has had plans prepared for a group of factory buildings to be erected upon the property. The area of the new plant will be twice that of the present plant and the capacity will be increased about 50 per cent. There will be seven new buildings of brick construction with cement floors and metal roofing.

The Veal Reed Chair Company of Los Angeles has also purchased a site at Huntington Park and will erect a new factory building to increase the facilities of that industry. The new building will cover an area of 10,000 square feet and will probably be of frame and corrugated iron construction.

The sugar factories, which are located throughout Southern California, have just completed a most successful season and are making preparations for a larger volume of business next year. The American Beet Sugar Company will make extensive additions and improvements to its plants at Chino and Oxnard. Three new buildings are to be erected at the Chino plant. These will include a machine shop, 60x154 feet, an addition to the sugar warehouse, 66x165 feet, and a supply warehouse, 50x75 feet. At the Oxnard factory, a new sugar warehouse is to be constructed. This building will be 150x150 feet, and 42 feet high. All of these buildings will be of fire-proof construction with brick walls, steel roof trusses, concrete roof slabs, cement floors, metal frames and sash, steel doors, etc. At each of these plants additional machinery will be installed and other improvements made. The Holly Sugar Company will make extensive improvements to its equipment at the plant near Huntington Beach.—Builder and Contractor.

The Santa Ana Chamber of Commerce called a meeting of citizens last Saturday night for the purpose of inaugurating a movement for securing the location of factories in Santa Ana. A plan which has met with considerable favor in that city is the raising of an "industrial fund," probably \$50,000, to be used for securing sites and buildings for new factories, which will be fur-

NO DRY SUBJECT

I once told a doubting pupil of mine, when I was trying to teach,

that there was no such thing as a dry subject; that the only thing that was dry was the mind that came in contact with it, and that if that mind perceived the significance of the subject it yielded all the sap that was necessary for the most intense interest; and that is true of everything in life. The thing that makes it worth while is your apprehension of it and your enthusiasm for it. And the thing that makes it endurable, and upon occasion delightful, is your confidence in the result of what you are going to do.—President Wilson.

Sunday Services at the Churches

PRESBYTERIAN CHURCH.

Morning worship 11 o'clock. The pastor will preach. Topic, "Battleships Around the Home." Sabbath-school 9:30; Junior Endeavor, 3 p.m.; C. E. meeting, 6:15; evening service, 7:30. Rev. C. B. Hatch will preach. The people's Bible class meets every Friday evening, 7:45, under the leadership of Dr. Pratt. Anniversary week December 10-16.

LUTHERAN CHURCH.

All strangers and friends will find a very warm welcome at the Lutheran services, held in the S.D.A. Church building, corner Third and Isabel. Sunday-school at 10 o'clock. A class for each one. None is too old or too young to be under instruction in the blessed word of God. We cannot know too much of that volume; but there is much danger of knowing too little, especially when we ignorantly and defiantly deprive God a chance at our hearts and lives by remaining away from the Bible-school. All are welcome. Come. At 11 o'clock the pastor will speak on "The Brooding Spirit of God." Come and worship Him in your own little corner with the same outcall in spirit and inspiration and help that comes from united worship in the congregation. "Forget not the assembling of yourselves together as the manner of some is." Let us help one another. Come!

WEST GLENDALE METHODIST CHURCH.

The services on Sunday will prove to be very helpful to all who attend. The evening sermon will be the first of three special sermons on a very unique character, Zachariah. The subject, "A Chief Among the Publicans," is very suggestive. It will be men's night. Everything will be provided by the men from decorating the church to providing the music. Be sure to be there and see what they can do. The league will be led by Mrs. Henderson. The morning sermon will be one which will inspire and cheer the Christian in his life of faith. The Sunday-school at the usual hour. A welcome to all.

C. A. NORCROSS,

Pastor.

CHRISTIAN CHURCH.

Rev. J. W. Emerson will preach tomorrow morning. Subject: "A Four-fold Faith." Mr. Emerson is well-known in Southern California, both as a splendid preacher and prohibition speaker. If you fail to hear him you will miss a valuable as well as entertaining discourse. The evening service will be under the auspices of the C. E. Society and the leader of the evening will be Howard Brown, C. E. State president. This announcement should attract a houseful of young people because Mr. Brown is very popular, full of enthusiasm and love of the work. A public installation of the officers will be a part of the service. Special music, and just such a meeting as all Endeavors enjoy to its full will make it an evening not soon to be forgotten.

FIRST METHODIST CHURCH.

The service at the First Methodist Church on Sunday evening promises to be of great interest. There will be four speakers from the brotherhood of the First Methodist Church of Hollywood. Besides the musical numbers by the choir there will be special numbers by Hollywood brotherhood men. All the men of the church are urged to be present. Other men especially invited. Everybody welcome.

At the morning church service the pastor will speak on "In Love With Life." The choir will sing "Love Divine All Love Excelling."—Stainer. Miss Isgrig will render Aylward's "A World of Praise."
